About our college

Arignar Anna Government Arts College for Women, Walajapet is the only womens government college in pioneering higher education in Ranipet District that was established in the year 1968. The college offers 14 UG courses and 11 PG courses with the total strength of around 4500 students. Peace, Purity and Knowledge, being the motto of our college, we aim to cater the academic needs and aspirations of the economically backward women students.

About our department

The department of Computer Science was established in the year 1990 with B.Sc. Computer Science degree course. M.Sc. Computer Science was started in the year 2009. In 2013, M.Phil. Computer Science course was introduced to indulge the students in the research activity. Department of Computer Applications was brought in the year 2013. The goal of our department is to inculcate computer knowledge to the rural background students. Our department has well equipped laboratory furnished with 114 systems linked to a LAN. Internet facility is available in the computer science laboratory for the benefit of students to update their technical knowledge. The department publishes an annual magazine entitled 'isoft' that expose the talents and the achievements of the students in their academic and co-curricular activities.

About the Seminar

AI is seen as a constructive force, focusing on its potential to bring about positive changes in the world. It is essential to emphasise that the creation of AI tools depends on strong education and infrastructure. This seminar aims to facilitate the students to attain such proficiency in AI tools and to cultivate people with the knowledge and skills to effectively utilise existing AI tools for building businesses and pursuing their distinct social and economic objectives.
